

OUTBREAK PROTOCOLS

- All children showing symptoms of illness will be isolated from other children, and parents will be required to pick up immediately
- All staff or children showing symptoms of illness will be required to stay home
- All toys, surfaces, etc. will be disinfected with a bleach and water solution
- All sensory play is suspended (eg. water play, playdough, etc)
- Any materials that cannot be easily and thoroughly disinfected (eg. stuffed animals) will be removed from the programs
- Movement of children between classrooms will be kept a minimum and avoided wherever possible
- New admissions into the program will not be accepted
